

Beginning December 3rd, **PELLITTERI WASTE SYSTEMS** will be your new trash and recycling service provider. Pellitteri plans to deliver recycling and trash carts to each resident's address starting the week of November 26, 2007.

The Village of Shorewood Hills standard collection service will consist of one black 95-gallon cart for trash picked up every week and one blue 65-gallon cart for recyclables picked up every other week. **You will receive these two standard carts unless you request a different size(s) to meet your individual needs on the form below.** With an automated collection system, all trash must be placed inside the cart.

By using a cart system many communities have found that recycling volumes have increased. **All** of your recyclables (cardboard, paper, newspapers, magazines, plastic containers (#1-7) and aluminum/tin/steel cans/glass) will be placed in one cart for every other week pickup.

-----

**Complete form ONLY if you need a change from the standard one black 95-gallon cart for trash and standard one blue 65-gallon cart for recyclables.** Please fill out and drop off at the drop box or send back to Shorewood Hills Village Hall at 810 Shorewood Blvd., by **October 15, 2007** if you want different size carts. If you prefer to e-mail your selections, send all information below to [kendres@shorewood-hills.org](mailto:kendres@shorewood-hills.org)
