The Municipal Court of the Village of Shorewood Hills is encouraging the use of social distancing to reduce the long-term effects of COVID19. The following precautions are being taken:

Any person who has cold or allergy symptoms, has travelled out of Wisconsin in the 14 days prior to a scheduled court appearance, or has been exposed to a person with a known or suspected case of COVID19, should contact the court immediately. In addition, any person who is in a population particularly vulnerable to COVID19 (such as people 60 years old and over, and people with underlying health conditions), or is otherwise practicing social distancing, should feel encouraged to use one of the court's options listed below.

Any person wishing to plead guilty or no contest may pay online or by mail.

Any person wishing to plead not guilty or contest the amount of their ticket or request an amendment to their citation or reduction in points may notify the court of their not guilty plea by telephone, writing, or email. While pretrial conferences have traditionally been done in person, any person who pleads not guilty may request to conduct a pretrial conference with the prosecutor by telephone or email. In addition, the prosecutor may choose to conduct the pretrial conference by telephone or email. Any defendant seeking a pretrial conference must provide the court with their correct and complete contact information, including telephone and email, and must notify the court immediately if their contact information changes. Any person may request a one-month continuance of their matter. Any defendant seeking a continuance must provide the court with the reason for their request, as well as their correct and complete contact information, including telephone and email, and must notify the court immediately if their contact information changes.

Thank you.

Honorable Felice Borisy-Rudin
Municipal Judge, Shorewood Hills, WI
