Shorewood Hills League Bulletin

COVID-19 UPDATE

The Village Board met on May 28 and made or ratified several important decisions. Village President David Benforado introduced the meeting with comments that are paraphrased here:

How did we get here? Here's a quick summary of the last 76 days:

- March 12: Gov. Evers issued a statewide Emergency Declaration.
- March 16: Village Board issued an Emergency Declaration through June 15.
- March 24: WI DHS Sec. Palm issued statewide "Safer at Home" Order.
- April 20: WI DHS Sec. Palm issued "Badger Bounce Back Plan" Order.
- May 13: on a 4-3 vote, WI Supreme Court decision nullified the WI DHS "Safer at Home" and "Badger Bounce Back" Orders.
- May 13: within hours of WI Supreme Court decision, Public Health Madison/Dane County issued an Order adopting the great majority of the DHS "Safer at Home" Order and Badger Bounce Back Plan.
- May 18: Public Health Madison/Dane County issued the "Forward Dane Plan".
- May 18: Village Board extends Emergency Declaration to August 15.
- May 22: Public Health Madison/Dane County issued Emergency Order #3, kicking off Phase #1 of "Forward Dane Plan" (effective May 26).
- May 28: the Shorewood Hills Village Board held a special meeting.

What are we doing and why?

We are making sure that the Village is in compliance with Public Health Madison/Dane County's "Forward Dane Plan", its Order #3 and associated guidelines, to do three things:

1. Prevent the spread of the COVID-19 virus;
2. Protect the capacity of our area health care system and hospitals; and
3. Save lives.

We are at the beginning of what could be a one to two-year long, very serious public health pandemic. Over 102,000 deaths in the US have been attributed to COVID-19, 507 right here in Wisconsin. While there are brighter days ahead, we must be prepared for some dark days as well; there may be some spikes or a second or third wave of the virus. We must all remain supportive of our spouses, families and neighbors. We must all remain vigilant; wear a mask in public, wash your hands often, avoid large groups, stay home if you can. We must do what we can with what we have to do our share to keep the Village and Dane County safe during this uncertain period.

CALENDAR OF EVENTS

All meetings will be held virtually until further notice*

JUNE

8	Municipal Court	5:00 pm
8	Public Works Committee	7:00 pm
9	Plan Commission	7:00 pm
10	Finance Committee	5:30 pm
TBD	Public Health & Safety Committee	7:00 pm
18	Board of Trustees	7:00 pm

* The calendar includes all meetings and events submitted at the time of publication. Meeting dates or times are subject to change. Check the [Village's website](#) or call the Village Hall for confirmation.

JUNE 2020

HIGHLIGHTS FROM THE MAY 18, 2020 MEETING OF THE BOARD OF TRUSTEES

(Complete detailed minutes will be available on our website or at the Village Hall)

Attendance – Mr. Friedman was excused from the virtual meeting.

Appearances and Communication – The Board welcomed the Village's new Pool Manager, Elaena Noffsinger. Ms. Noffsinger introduced herself and gave a brief background on her experience. The Board also welcomed the Village's new DPW Crew Chief, Mike Meier. Mr. Meier introduced himself and indicated he was excited to start working. The Board received a presentation on COVID-19 two Doctors that live in Shorewood Hills ([see article on page 4](#)). The Board received a presentation on the Village's 2019 audited financial statements ([see article on page 5](#)). The Board unanimously voted to acknowledge the receipt of the 2019 Financial Statements.

Consent Agenda – In an effort to expedite meetings, items on the consent agenda are considered as a group and are adopted with one motion. Any Board member may unilaterally remove an item from the consent agenda if he or she believes the item needs discussion. Consent agenda items approved unanimously included:

- April 21, 2020 Board meeting minutes;
- Conditional hire of seasonal Pool staff at the recommended wages;
- Conditional hire of seasonal Four Corners staff at the recommended wages;
- Conditional hire of seasonal Land Rec staff at the recommended wages;
- Contract for striping of University Bay Drive.

Approve conditional hire of seasonal Forestry and DPW staff – Ms. Albrecht asked that this item be removed from the Consent Agenda to explain the wage variance between the seasonal Forestry and DPW staff. The Personnel Committee felt that Forestry applicants' education and skills merited the higher wage this year. However, emphasized that this was a unique situation and not precedent for future years. The Board unanimously approved the conditional hires of seasonal Forestry and DPW staff at the recommended wages.

Resolution R-2020-4 – The Board unanimously approved [Resolution R-2020-4](#) extending the Village's COVID-19 Emergency Declaration by two months to August 15, 2020.

Resolution R-2020-5 – The Dane County Board passed an action to allow municipalities to waive penalties and interest on delinquent second installment property tax payment (due by July 31) if paid by October 2, 2020. This only applies to the second installment. If a property owner did not pay their first installment by January 31, 2020 interest and penalties will continue to accrue. The Dane County Treasurer's office will settle with the Village in August with what payments have been submitted. The remainder of the second installment settlement will occur in September. Mr. Frantz indicated that the Village's cash flow could manage this delay. Ms. Albrecht pointed out that Dane County, not the Village, would be losing out on interest and penalties. The Board unanimously approved [Resolution R-2020-5](#) to waive interest and penalties on certain delinquent property tax installment payments due in 2020.

Installation of speed humps on Edgehill Drive – Ms. Bailey reported that the Public Works Committee discussed the benefits of speed/traffic counts being performed before and after the installation of speed humps on Edgehill Drive in light of COVID-19 and lack of traffic currently. The Committee voted to recommend not paying the extra expense for the counts. But, her opinion has changed since the meeting and she believes the counts would provide valuable data. The Village could save some money by not doing counts on Oak Way or Shorewood Blvd and just counting Edgehill Drive. Since this item was not specifically noticed on the agenda for Board action, it was decided the Board would consider the counts at its special meeting on Thursday, May 28, 2020.

Review and approve draft Village letter to City of Madison Plan Commission regarding Madison Yards Project – Mr. Benforado explained the Plan Commission voted to recommend a letter he crafted to the Madison Plan Commission urging them to consider stormwater, traffic, etc. when reviewing the Madison Yards Project (Segoe Rd/University Ave). Ms. Albrecht suggested including the idea of a pedestrian/bicycle bridge over University Avenue. Mr. Benforado said he will follow up with the City of Madison Bike Coordinator to see if that has been discussed previously. The Board unanimously approved sending the letter on the Board's behalf.

Village President's Report – Mr. Benforado reminded committee chairs to speak to their membership about

continued from page 2

providing input on the replacement of the Lake Mendota bridge during the upcoming public information meetings (PIM). PIM #1 is planned for August/September, PIM #2 in October/November. Mr. Benforado also reminded committee chairs to work on filling vacancies on committees and updating their members terms, as needed. The Board had a discussion about committee membership. All trustees valued the institutional knowledge of those that volunteer for committees but some trustees were concerned about the diversity of the membership as it relates to gender, age, family status, and location. The idea of some form of term limits was discussed. Another trustee felt that there has been adequate turnover on most committees and term limits were not an appropriate answer.

Village Administrator's Report – Mr. Frantz discussed COVID-19 and the Village operational response to the pandemic. Department heads and staff are conducting virtual meetings weekly to go over operations and measures to keep employees safe and healthy. We have hired a company to sanitize the facilities in preparations for the eventual reopening of the Village Hall. Discussions are ongoing related to summer programs and activities.

Police Chief's Report – Mr. Chapin reported the Village received a BOTS grant for \$4,000 that will be used to replace the speed boards on Lake Mendota Drive. He will be interviewing Lieutenant candidates later this week and will consider a delayed start to save the Village some money.

Personnel Committee – Ms. Albrecht reported that a member of the Public Works Crew has quit and the Committee will be looking at the process to fill the vacancy.

Plan Commission – Mr. Benforado reported the Commission has been working on revisions to Article J, Supplemental Regulations of the Zoning Code. The Commission will hold a required public hearing on Tuesday, June 9 at 7:00 pm. The Commission will also be working on the update to the Village's Comprehensive Plan utilizing virtual meetings.

Public Works Committee – Ms. Bailey reported the Committee reviewed the Madison Metropolitan Sewer District's (MMSD) relief sewer project that will cut through the Village and formulated a list of items for MMSD to consider, as requested by the Board.

Services Committee – Ms. Lotfi reported the Committee discussed the design and installation of replacement bus shelters. She expects to bring a recommendation to the Board in June.

Recreation Committee – Ms. Bailey reported the Committee is working on an off-leash fenced pet exercise area. They have begun discussions with the Parks Committee on this matter.

Waterfront Committee – Mr. Frantz reported the Marina has opened. The Committee recently discussed moving the opening date earlier, reconsidered the requirement of members to submit a title annually and standardizing the resident and non-resident membership qualifications/rates. The Committee also discussed the FEMA flood repair project scope and possible stair landing repairs.

Joint Campus Committee – Mr. Imes reported the Committee received a presentation on remodeling of the Natatorium.

Next Meeting: The Board will meet virtually as scheduled June 15, 2020

Adjourn – The meeting adjourned at 10:50 pm.

Next Bulletin Deadline: Monday, June 22

NIXLE® Alerts

Keep up to date on Village events, Board meetings, community news, and police alerts by signing up for NIXLE® Alerts. The Village staff periodically sends out notifications on any number of topics, lately it has been the COVID-19 updates. The new NIXLE® notification system will eventually replace our legacy "blast" email notices.

Sign up is quick and easy on the Village's website. Go to www.shorewood-hills.org/notifications and fill out the short form. You can select to receive text messages on your phone and/or emails. Management of Emergency Alerts, Advisory Notifications and Community Messages is possible when signed into the NIXLE® website. Messages are also posted on the Village's Facebook page ([@VillageOfShorewoodHills](https://www.facebook.com/VillageOfShorewoodHills)).

BOARD RECEIVES OVERVIEW REPORT ON COVID-19

Village residents, Dr. Amy Buencamino and Dr. Nasia Safdar, provided the Village Board with an overview of the COVID-19 pandemic, answered questions and provided guidance on some possible activities in the Village.

Dr. Safdar, Medical Director of Infection Control at UW Hospital and Clinics, discussed the origins on the novel coronavirus and history of past outbreaks. The first flu-like infections appeared in December 2019 in Wuhan, China and began to spread quickly to other countries. While symptoms are mild in about 80% of the population, 15 % experience severe symptoms that have overwhelmed the healthcare systems in countries all over the world, which is why there has been a huge effort to flatten the curve. The CDC reports that adults over 65 are the most at risk but in the U.S. many younger adults have severe symptoms and there are post-inflammatory infections in children.

When considering the normal flu season vs. the COVID-19 pandemic, morbidity is much lower for the flu because a vaccine is widely available and there are treatments for the flu (i.e. Tamiflu). Death rates for COVID-19 far outpace the N1H1 pandemic in 2009.

We currently have two forms of testing available. The nasal swab tests for active infection. Antibody tests are used for post-infection testing but it is not know yet how long immunity lasts. There are 66 programs around the world to develop a vaccine but it is unlikely one will be found in less than a year.

Facemasks can reduce the spread of virus droplets present in the throat. Direct, face-to-face contact within six feet of someone is the most likely form of transmission. It is less likely to be infected from touch point contact or passing someone in the street, if proper handwashing routines are maintained.

A second wave is likely, as immunity may be limited after becoming infected and with communities opening back up. The CDC has guidelines for reopening communities that include physical distancing, limited gatherings, wearing face masks/coverings, cleaning protocols, access to hygiene supplies, screening for symptoms and contact tracing. The risks vary depending on the activity. Golf or tennis would be considered medium risk. Basketball, soccer, parks/playground equipment would be considered a high risk because of the proximity of individuals.

Public Health Madison Dane County issued guidance on its Forward Dane plan the afternoon of the Board meeting. There are three phases of reopening based on the community data in Dane County. Each phase is preceded by a two-week preparation phase to ease the transitions and avoid spikes in positive COVID-19 cases.

The Board scheduled a special (virtual) meeting at 1:00 pm on Thursday, May 28 to discuss how the Forward Dane plan will impact the Village's summer recreation programs, Pool and other activities.

continued from page 1

Shorewood Hills Pool – The Pool is closed for the season. This was a very difficult decision requiring an effort to balance public health considerations along with the need to try to provide recreational opportunities during this time.

July 4th Celebration – The typical 4th of July activities would exceed the gathering restrictions and not allow for proper physical distancing. The fireworks display is postponed indefinitely. The EMS & Fire Association has some ideas to keep the July 4th spirit alive at home. Watch your mailbox for information on a “DIY 4th of July.”

Four Corners, Land Rec, Basketball Programs – Cancelled for the safety of staff and participants.

Tennis Program – This program will take place with modifications and limited class sizes (www.shorewood-hills.org/tennis).

Canoe Kayak Share Program – Currently closed. We are still determining if the program can be operated safely.

Junior/Adult Golf Programs – The Blackhawk Golf Pro and Village staff are still determining if these programs can be operated safely. No programs are being offered at this time.

Outdoor Soccer Program – Viability of the youth soccer programs will be determined by MAYSA.

For up-to-date details, go to: www.shorewood-hills.org/COVID19.

PRESENTATION ON 2019 FINANCIAL STATEMENTS

The Village's audit team from Baker Tilly LLC, John Rader and Leah Wipperfurth, presented the 2019 Financial Statements to the Village Board.

Mr. Rader indicated they presented the financial statements to the Finance Committee last week and reviewed highlights from the document titled Reporting and Insights on 2019 Audit. When comparing 2019 to 2018, the Village's total fund balance remained about the same. There was a shift in the unassigned fund balance (\$956K in 2019/\$764K in 2018) compared to the assigned fund balance (\$43K in 2019/\$192K in 2018). This is mainly due to TIF 5 paying back an advance provided by the general fund.

Revenues came in over budget, mainly due to permit fees, interest on investments and insurance recoveries. Expenses also came in over budget, mainly due to police wages and DPW expenses related to the 2018 flood. However, in the end both revenues and expenses balanced.

The auditors use a number of comparisons to measure the health of the Village's finances. They compared the unassigned fund balance to the budgeted expenses to find a 24.5% ratio for 2019, up from 19.4% in 2018. That is within the Village's internal policy of keeping that ratio between 15-25%. The median comparison to other communities Baker Tilly audits is closer to 32%, which was of some concern to the Finance Committee and may be investigated further. The auditors also compare the Village's allowed debt capacity to the amount of debt being carried. The Village is at 46% of its debt capacity, which is high, but much of the G.O. debt is offset due to the utilities and TIF districts that have revenue sources to pay off the debt. Another measure is total debt service compared to non-capital expenditures. Again, this is higher than some other municipalities but is typical due to much of the debt being in the TIF districts.

Ms. Wipperfurth reviewed the Village utility funds. The water utility's operating to expense spread has improved from 2018 to 2019 due to a rate increase put in place in May 2019 and the lack of any major leaks/water loss in 2019. There was a net operating return of ~\$300K. The water utility paid off a good portion of an advance to the capital fund in 2019. The sewer utility remains stable with slight increases in revenue and expenses. The stormwater utility benefited from a rate increase in 2019. Cash on hand is ~\$40K. Mr. Frantz interjected that this cash and surplus from 2020 will be used to pay for a large stormwater project on Edgehill Parkway. The equity to debt ratio for all the utilities is well above the recommended ratio.

Mr. Frantz informed the Board that the COVID-19 pandemic will likely affect certain aspects of the Village budget revenue. Parking fines are down. Interest on investments will likely be less than expected. Pool rent/admin overhead may be down if the Pool does not open this year. He estimates a greater than \$100K revenue shortfall. Village staff are discussing ways to trim expenses and possibly forgo certain projects and purchases.

RECYCLING TIPS – PIZZA BOX RECYCLING

Can you recycle a pizza box? The answer is yes, kind of. The clean portion of a pizza box (usually the lid) can be recycled; tear it off and put it in your blue recycling cart. Any portion of a pizza box that is contaminated with food or grease should be disposed of in your brown trash cart. Any inserts or plastic pieces that come with your pizza are not recyclable and should be tossed in the trash. Thank you for keeping contamination out of the recycling stream.

To watch a short video on recycling Pizza Boxes (and other recycling tips) go to: www.shorewood-hills.org/pellitteri

VOTE ABSENTEE BY MAIL

Be prepared for the August 11 Primary and November 3 Presidential elections by requesting an absentee ballot be mailed to you. Go online to <https://myvote.wi.gov/> now, rather than waiting until just before the elections. If your request is on file, a ballot will be mailed out as soon as it becomes available.

WATER UTILITY INFORMATION

Are you tired of writing a check each month for your utility bill? If so, you should consider ACH or “AUTO PAY” through the Village. It is a FREE service where the monthly bill is directly debited from your checking account on the 20th of each month. Late fees will be a thing of the past if you sign up for the Village’s ACH system. Go to: www.shorewood-hills.org/water to download the ACH form.

You will still receive a bill in the mail but it will be marked “AUTO PAY – DO NOT PAY”. If you are environmentally conscious, paperless billing (eBills) is also an option. 1) Go to the website of our third-party payment processor’s (PSN): <https://www.paymentservicenetwork.com/>. 2) Register your account (you will need you utility account number from your bill to register). 3) Sign up for paperless bills. Note: Don’t sign up for automatic payments with PSN, your will be charged \$1 per month, the Village’s Auto Pay is FREE.

Contact the Village Hall if you have questions or need assistance. Your bill will be e-mailed to at the beginning of each month.

THE BOOKMOBILE IS BACK ON THE ROAD!

Beginning June 1, the Bookmobile will be back on the road for holds, pickup and returns. The Bookmobile will have an abbreviated schedule, so check it out at www.dcls.info. In addition to the schedule, that website allows you to place items on hold and contact Bookmobile staff with requests.

They miss you and look forward to seeing you again!

Editorial Staff: Karl Frantz, Administrator; David Sykes, Administrative Services Manager.
Contributors: Karla Endres, Village Clerk; Chas Martin, League Bulletin; Annette Mahler, Garden Club News; Tim Bolhuis, Pellitteri Waste Systems; Tracy Herold, Dane County Public Library; Ben Zimmerman, Westside Community Market.

JUNE 2020 BULLETIN

VILLAGE DIRECTORY

The 2020-21 Village Directory project is complete and directories have been delivered to those that ordered.

GARDEN CLUB NEWS

Gardeners seem to be patient souls. We certainly anticipate spring, wanting our gardens to sprout and then grow. We tend them from spring through summer, and late in fall make sure we clip back what needs clipping, clean up what needs cleaning and “put our gardens to bed.” Then, in the winter, we wait, study catalogues from seed and plant companies and dream of a new gardening season to come.

This March, April and May, we have been fortunate to experience a slow, and evolving spring, where each plant could develop and then take its turn in bloom. And, the beauty of this spring is a wonderful antidote to the COVID-19 pandemic which has turned life upside down.

As May ends and June approaches, we can see some hopeful signs that some of the necessary restrictions due to COVID-19 are being lifted. Yet maintaining sensible caution is essential. As previously said, gardeners are patient and we will therefore accept yet one more cancellation of an event and wait for a normal calendar of activities to resume later this year. In this spirit, understand the need to cancel the Spring Luncheon, which had been scheduled for Thursday, June 4, 2020. During this meeting, we would have given a report of GC activities of the year, a full financial report, and offer a slate of officers for the following 2020-21 year. In lieu of the meeting, a written report will be sent to the GC members along with renewal membership forms for the 2020-21 year.

Keep gardening, stay healthy and hope to see you soon!!

A special thanks goes to the Triangle Gardeners for doing their caretaking despite all these disruptions.

LEAGUE BULLETIN ADVERTISING POLICY

The League publishes a monthly bulletin as part of the Village's monthly newsletter. The League Bulletin accepts ads from Village residents and businesses. The League does not accept non-resident commercial ads. Non-residents wishing to buy or rent homes in the Village may place ads for such if they provide a Village reference. Limit ads to 150 words or less.

The Village staff manages the Bulletin advertising program for the League. If you would like to place an ad, contact David Sykes at: dsykes@shorewood-hills.org. Commercial ads are 50¢ per word. Other resident ads are 30¢ per word. Residents under the age of 18 may place ads at 10¢ per word. Deliver payment to the Village Hall, 810 Shorewood Blvd, Madison, WI 53705. Checks should be made out to: Village of Shorewood Hills (or VoSH).

The Bulletin is published monthly. Ads are due by the 15th of each month. The League and the Village are not responsible for, nor do they endorse, the services advertised.

SERVICES

Resonant Capital Advisors

Local, Independent, Employee-owned, Fiduciaries

RCA is a Registered Investment Advisor (RIA) firm headquartered in downtown Madison, Wisconsin. We provide in-depth financial planning and investment advice as fiduciaries to individuals, families and institutions. Contact David DeVito at ddevito@resonantcapital.com or 608-733-6230 to learn more.

Looking for a dynamic, play-based preschool for your two-year-old, three-year-old or 4K child?

Meeting House Nursery School is one of the few preschools in Madison that offer a part-time, flexible options. We are also happy to provide small class sizes. Small class sizes allow us to celebrate and challenge each child, fostering their curiosity, self-confidence and a love for discovery. There are part-time, Monday-Friday options in our two-year-old program, three-year-old program and 4K program. We also offer extended programs (Breakfast Bunch and Lunch Bunch) to meet the needs of our families. We are now offering afternoon wrap-around care for families who are enrolled in the Shorewood Hills Elementary 4K program. Visit www.meetinghousenurseryschool.org for more details. Please call the office at 608.233.9776 with questions or to schedule a tour.

Is your child getting enough speech therapy? I am a village resident with 20 years experience in the schools, pre-K to high school, and national board certification in fluency/stuttering. I was a former lecturer at Whitewater and Madison and presented at numerous professional conferences. I love teletherapy! My specialties are stuttering (PreK to adult), and childhood speech sound (articulation) and language delays. Email me at laura@spotlightstuttering.com.

Private math tutor for college and high school students. \$40/hour. (Soodie, 205-401-2327).

A fun game for lifetime. Private/small group tennis lessons for all ages. Pricing/hour: \$35 (1-person), \$50 (2-person), \$60 (3-person). (Soodie, 205-401-2327).
