2) Current state and status updates

a) CORP

Ms. Shanahan provided some final comments on the draft Plan and summarized a few additions/changes made to the Plan that came out of the January 29 public hearing. The Committee discussed the draft Plan. Mr. Wickman appreciated the resident input received at the public hearing on topics that the Committee had not thought of during the development process. Ms. Barford on behalf of the Parks Committee is concerned about “paving” in the parks. Ms. Shanahan suggested rephrasing the recommendation to clarify the intent to create paths, not install pavement.

Mr. Bassuner is proud of the Committee’s work to create a plan that never existed in the Village before. The intent of the CORP is not only organizing a plan but also having the possibility of real financial gain for the Village in the form of grants. We now have a good inventory of our parks and recreation facilities that also never existed.

Mr. Boutwell and Ms. Barford appreciated the Recreation Committee’s inclusion of the Parks Committee in developing the CORP and support the committee recommending it to the Board for approval.

Ms. Brandt moved and Mr. Fields seconded a motion to recommend the Board of Trustees adopt the CORP as presented tonight with the minor edits as discussed. Motion passed unanimously.

- 5) **Adjourn** – Mr. Fields moved and Mr. Cashen second a motion to adjourn the meeting. The Committee unanimously approved adjourning the meeting at 7:37 pm.

Respectfully submitted,

David Sykes
